### COMMAND PHILOSOPHY

#### **MISSION**

Training  
Maintenance  
Safety

#### **PEOPLE**

Readiness  
Health & Well Being  
Family

My philosophy for success is contained in these two words: “MISSION” and “PEOPLE”. We will not be successful without one or the other; therefore we need to focus on success in these areas.

#### MISSION:

- In order to do our mission we must train for our operations and for the unexpected.
- Maintenance of equipment is paramount to mission success and personnel safety.
- If one of us gets hurt our efforts are fruitless. Safety must be at the fore front of our actions on and off duty.

#### PEOPLE:

- Our motto is “Always Ready”. We need to take care of ourselves before we can serve others. This means mentally, physically, and professionally.
- Leading healthy lifestyles is our duty to our profession and to the public we serve.
- Our families are our number one asset. Maintaining a balanced between life and work will be a challenge that we must achieve.
